

Green Heart Kids Club

2016 Summer Camp

Green Heart Kids Club will offer children 6-13 years innovative and creative weekly camp experiences this summer. Hands-on activities will entice campers to use their imaginations and be creative as they think out of the box using every day materials in new and exciting ways.

June 8-10- *Summer Party* – School is out and it is time to enjoy our break. This week will be a week of fun, children interested themes, and a great kick-off to our summer. Kids can enjoy kite making and flying, outdoor games, and many creative projects led by counselors this week.

\$160.00 – Weekly
\$40.00 – Daily
\$25.00 – ½ Day (Under 5 hours)

June 13-17- *Green Thumb*- This week will take on several different meanings. Did you know there are over 500 uses for a cardboard box? We will work with our garden and other things outside along with talking about how to reduce, reuse and recycle. Planting vegetables, decorating pots and building fairy gardens and worm boxes will all be a great time. Getting dirty is what children like to do best.

June 20-24- *Making a Difference*- The children will discover how one person can make a difference in somebody's life. They will decide how they want to help organizations and their community.

June 27-July 1- *America the Great*- We will be paying tribute to the Red, White and Blue by expressing our creative side through art, music and dance.

July 5-8- *It's a Pirate's Life for Me*- Arrrrgg! This week will be full of treasure hunts, walking the plank, pirate lingo and so much more! Set sail into the seven seas with us as we explore what it's like to be a pirate! Our campers will be journaling their progress during this week of mystery and fun.

July 11-15- *Sports Week*- Kick. Throw. Run. Catch. This week is all about exploring different sports! What sports are popular in other countries? What is the difference in some sports between countries?

July 18-22- *Beach party*- We have been stranded on an island, so now it is time for some water and sand activities! Let's get wet and wild and dig our toes in the sand. We'll explore fresh and salt water creatures, play silly water games, and some fund sand art.

July 25-July 29- *Pet Week*- Who has pets? What pets do we have? What goes into taking care of a pet? We'll explore household pets this week and learn about hard-work, responsibility and how much others can depend on us.

August 1-5- *Inventor's Workshop*- Gadgets, Gizmos and more- What can we make with our imaginations or things we find laying around?

August 8-12- *Camping Week*- Campfire songs, staying in the outdoors, animal tracking and more. We'll spend the week preparing for the outdoors and a family campout at the end of the week!

August 15-19- *Art Week*- Painting, Drawing, Sculpture, and Dance- We're going to explore different methods and artists. Watch for artwork to be displayed throughout the building!

August 22-31- *It's a Wrap*- Summer is over and it is time to do all of our favorite things-art, dancing, building and hanging with our friends.
